Stuart Malem
Heskins LLC
500 Grant Avenue,
East Butler,
Pennsylvania,
USA,
16029

Dear Stuart Malem

Recent Audit of ISO9001:2015

I refer to your recent audit to the above standards with 3core².

In accordance with our procedures, the certification of your management system has been approved and I now have pleasure in enclosing your certificate to ISO9001:2015.

Your certificate is valid until 23rd August 2023 subject to effective maintenance of your management system. This will be monitored on a regular basis by 3core² Certification and your system will be subject to a recertification audit prior to the cycle end.

The date for the following visit will have been arranged by the auditor at the closing meeting in your recent audit, if this is not the case, please contact us with some suitable dates.

A surveillance visit (1 of 1 days per visit) has been set for your company, this does not include the days for a recertification audit as this will be determined nearer the time.

Should you wish to display registration logos on your letterhead, promotional materials, or website etc, they can be downloaded from our website. You will also find current rules for logo use and we strongly recommend that you refer to these prior to instructing your printers. Please note that for logo purposes your Certificate Number is **00064-QMS-001**.

Yours sincerely

A handwritten signature in black ink, appearing to read "Donn Houldsworth".

Donn Houldsworth
Managing Director

Certificate of Assessment

This is to certify that the Management System of:

Heskins LLC
500 Grant Avenue, East Butler, Pennsylvania, 16029

has been approved by 3core² Certification and is compliant with the requirements of:

Standards **ISO9001:2015**

Certificate Number:	00064-QMS-001
Initial Registration Date:	16th August 2020
Re-Issued Date:	27th April 2021
Expiry Date:	23rd August 2023

Scope of Registration:

Conversion and sale of self-adhesive anti-slip materials and self-adhesive tapes

MSCB-226

Signed:

Director

This certificate will remain current subject to the company maintaining its system to the required standard. This will be monitored regularly by 3core² Certification. Further clarification regarding the scope of this certificate and the applicability of the relevant standards' requirement may be obtained by consulting 3core² Certification

Use of 3core²'s Certification Logo and Accreditation symbol

This document details 3core²'s policy for customer use of the 3core²'s Certification Logo and Accreditation Symbol for Certificates

Correct use of the Certification and Accreditation Symbols and Logos

You must:

- Use the Accreditation Symbol (also commonly referred to as a mark) and/or the 3core² logo that appears on your certificate, or a subsequent logo approved by us. Please also read the restrictions section of this document.
- Add the certificate number that appears on your certificate (e.g., 1563 – as illustrated below) except when using 3core² Logo on a vehicle.
- Include the words 'Certificate Number' or 'Cert No' before the digits and place centrally underneath the logo.
- Place the standard(s) for which you have a certificate centrally underneath the Certificate Number.
- If you are certified to Multiple Standards, they may be listed one under the other.
- The Logo, Certificate Number and Standards must clearly relate to one another.

Size and Colour:

- Symbols and Logos can be reproduced in full colour, black and white, or grey
 - On websites and electronic documents, symbols, logos and associated text should be legible on commonly used computer screens/resolutions.
- Printed Materials**
- Minimum height of Symbols, Logo box (excluding your certificate number) is 20mm, although this can be reduced to 15mm on business cards providing legibility is maintained
 - Maximum height is 30mm on A4 paper but can be increased proportionately for larger paper/display sizes
 - Please also note that the term Accredited must not be used when referring to certificates issued by 3core², as clients are certified by 3core² and are not Accredited by 3core²

Restrictions:

- Not use the Accreditation Symbol on a product or product packaging (such as blister packs, bottles or cans containing the item sold) seen by the consumer or in any other way that may be interpreted as denoting product conformity (unless the goods or product have been manufactured under an accredited product conformity scheme).
- Not use the Accreditation Symbol on its own i.e. must be displayed as illustrated above.
- Not apply the Accreditation Symbol to laboratory test, calibration, or inspection reports, as such reports are deemed to be products in this context.
- Not make or permit any misleading statement regarding its certification.
- Not use or permit the use of a certification document or any part thereof in a misleading manner.
- Upon suspension or withdrawal of its certification, discontinue using the Accreditation Symbol and/or 3core² Logo on all advertising matter that contains a reference to certification.
- Amend all advertising matter when the scope of certification has been reduced.
- Not allow reference to its management system certification to be used in such a way as to imply that the Certification Body (3core²) nor the Accreditation Body certifies a product (including service) or process.
- Not allow reference to its management system certification to be used in such a way as to imply that the Accreditation body or 3core² certifies a product (including service) or process.
- Not imply that the certification applies to activities that are outside the scope of certification.
- Not use its certification in such a manner that would bring the certification body (3core²) and/or certification system or the Accreditation body into disrepute and lose public trust.
- Not use the Accreditation body on building exteriors (but they can be used on internal walls and exhibition stands).
- Not use the Accreditation body on flags.
